

E-Margin

E- Margin is leveraged trading facility; under this product clients can buy stocks today & pay-up-to 5 days from date of settlement of the trade.T+7 days.

Features

1. Buy & Hold stocks till T+7 day and take advantage of possible appreciation in stocks..
2. Enhances client's buying power as the client needs to pay only a small percentage of the transaction value thus increasing the possible earnings capacity.
3. Increases profit potential due to an longer investment horizon.
4. Nominal delayed interest charge of around 0.06% per day on the outstanding amount, till client squares off the position.
5. On or before , T+7 trading day E-Margin positions should be "Converted to Delivery" or Squared off by the client before 14:30 hours failing which these may be squared off by IDBI Capital. All losses incurred/ profits booked upon such square off shall be to the client's account.

How to trade
